IS IT A PUZZLE?

Instead of green, if the grass were blue,
And the heavens took on a verdant hue;
And in their depth there shone bright
Flowers by day, and naught at night;
If the moon were only a hole in the sky
That the light sifted through as it drifted by;
Would hearts then be both fond and true?
And the right one love you? I wish I knew.

When the pale moon shines from its starry dome
And zephyrs purr through the sighing zone,
When darkness walls the "lovers' hour"
And whisper'd nothings the air does shower,
Will the right one love? If this were so
ASK him or her if you would know.

What is pronounced to be a genuine case of
pellagra, the first yet reported in Kentucky,
is being treated at the Good Samaritan Hospi-
tal in Lexington. The disease, which is com-
mon in Italy and other Southern European
countries, is a species of skin disease some-
what akin to leprosy, and is said to be caused
from eating unwholesome corn. Recently it
has also made its appearance in some of the
Southern States, particularly in North and
South Carolina. The patient is Mrs. John B.
Conner, residing in Jessamine county, near
Nicholasville.

TAKING the Tariff out of politics is a dream not likely to be realized in the near future. The child is not yet born who will live to see the Tariff taken out of politics so long as there are Democrats who write anti-Protection platforms, Free-Traders who cling to an exploded theory of the advantage of buying in the cheapest market, "reformers" who fret and fume when Americans "make too much money," but never turn a hair when foreigners make money out of the American market, and the tramps and the idle rich who want to get things cheaper. All these influences must tend to keep the Tariff forever in politics.

The Tariff will and must stay in politics so long as there are enemies of the Protection policy.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. MEN CLASSIFIED

Men are four. He who knows, and knows he knows—he is wise, follow him. He who knows, and knows not he knows—he is asleep; wake him. He who knows not, and knows not he knows not—he is a fool; shun him. He who knows not, and knows he knows not—he is a child; teach him.—Arabian Proverb.

THE PASTIME THIS AFTERNOON AND TONIGHT

"The Robber Duke."

Thrice fortunate he, to whom circumstance is made easy; whom Fate visits with gentle trial, and kindly Heaven keeps from temptation.—Thackeray.

It is said by well-posted men that the new by-laws of the Hurley Tobacco Society will contain a clause that the county offices must be located at the various county seats.

There is sweet music in every home where the heart strings are touched by gentleness and courtesy. The mild word, the gentle answer, the tender act, the patient consideration, will touch chords of kindness and make sweet melody in the family as everywhere. A desolate, dreary place is a home devoid of those little courtesies which are practiced in the best social life.

FRANCIS WILSON ON LAUGHTER

Francis Wilson may be said to be an expert on laughter. He has produced more of it than probably any other living man, and he has these interesting observations to make about it. He says: "A great deal lies in laughter. It measures the stature of the man by its character. Some men wear an everlasting, barren simper; in the smile of others lies a cold glitter as of ice; the fewest are able to laugh, what can be called laughing, but only snuff and titter. Of none such comes good. I like to turn tears to laughter. It is really much harder to make people laugh than it is to make them cry. Laughter is said to be at its best in Paris, for Paris has something to laugh at most of the time."

LONG LOST DAUGHTER

Portsmouth Man Hears From Child He Thought Dead

Portsmouth Blade.

John W. Morris, the Market street barber, is very much elated.

In 1890 he was married at Aberdeen, O. There were two children. One of them died. Morris had trouble with his wife, resulting in a divorce. He went to the far West, leaving her with a baby girl about two years old. While in the West he heard that the child had died. He never went back to Aberdeen, or heard from his wife's people. Yesterday he got a letter from the little girl he thought was dead. She is now fourteen years of age, going to school and living with her grandmother, Mrs. Alva Grosinger. Her mother abandoned her and disappeared four years ago. Morris is overjoyed to hear from his little daughter.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a hollow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

UNION LEAGUE

Monthly Meeting Last Evening at the M. E. Church

The November meeting of the Union League of Christian Endeavor was held last evening in the Third Street M. E. Church at 7:30 o'clock. President Richardson presided.

The room was well filled, testifying to the interest and enthusiasm of the League.

After several songs had been sung a prayer was offered by Mr. Frank. The singing of another song was followed by the speakers of the evening.

"Christianity From the Standpoint of a Professional Man," by Professor Bradner. He began his address by saying that Christianity meant about the same thing to all classes of people. The number of professional men accepting Christianity is increasing and this is as it should be, for their influence for good is doubled thereby.

The success of the medical missionary emphasizes this truth. A Christian lawyer is a better lawyer for having become a Christian, and certainly no teacher ought to be anything else.

Mr. Dawson spoke on "Christianity From the Standpoint of the Laboring Man."

He said that a true Christian was certainly a member of the laboring class. He pleaded with the members present that they work more earnestly at the "Trade of Christianity."

Mr. Kackley, on "Christianity From the Standpoint of the Business Man," continued the appeal made by Mr. Dawson.

He said that sermons and speeches were needed, but must be followed by that personal touch that Christ so exemplified in His life.

After a song the Nominating Committee gave its report as follows:

President—Mr. Harry Richardson.
Vice President—Mr. James Childs.
Secretary—Miss Bessie Wells.
Treasurer—Mr. Ben Greenlee.
Editor—Miss Florence Wilson.

Mr. Richardson thanked the League for their confidence in him and their loyal support, but expressed a desire that another be chosen to fill his place.

Mr. Chatham was chosen by Mr. Richardson

to take charge of the meeting.

After a call for other nominations it was moved and seconded that the report of the Nominating Committee be received. The report was unanimously received.

The following persons were chosen to serve as members of the Executive Committee:

Miss Aldrich—Central Presbyterian Church.
Miss Archdeacon—First Presbyterian Church.
Miss Wells—First M. E. Church, South.
Miss Ogden—Christian Church.

THANKSGIVING DAY

Not a National Holiday, as is Sometimes Supposed

Thanksgiving Day is generally regarded as a National holiday, provided as such by National law or Congressional enactment, but such is not the case. In fact, there is no such thing as National holidays, the days designated as such being so by enactment of the State Legislature, and vary much, some days being holidays in one State that are not in others.

Thanksgiving Day does not even come in this list, but is fixed each year. The President by proclamation designates the last Thursday in November as Thanksgiving Day and this is followed by a proclamation of the Governor fixing the same date.

A few years ago a Governor in a Western State issued a proclamation fixing a different date from that named by the President but the conflict of dates raised little comment and made but little difference.

President Taft has issued his proclamation naming Thursday, November 25th, as Thanksgiving Day, and in this will be followed by Governor Willson.

\$100 Reward. \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

CURED TO STAY CURED.

How a Maysville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures. Maysville people testify. Here's one case of it: M. C. Chisholm, 317 East Second street, Maysville, Ky., says: "The cure which Doan's Kidney Pills effected in my case some years ago has been permanent, and the testimonial I gave in their favor still holds good. I was bothered a great deal by too frequent passages of the kidney secretions, this being especially annoying at night, when I was obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and had only used them a short time when I noticed a marked improvement. They soon cured me, and I have learned of several instances where they have been used with good results."

For sale by all dealers. Price 50 cents. Doan's Kidney Pills, Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
